BUSINESS HISTORY

How long have you been in business? Gemidan Ecogi has existed as a separate company since 2016. Gemidan Ecogi is however owned by the mother company, Gemidan A/S, which has existed since 1988.

Are you part of a larger company? Yes No

Did you exist as another company before this company was formed? Yes No *If so, what was that company's name?*

Komtek Miljø A/S

Number of employees? 3

What is your business structure? LLC/Corp.

What types of insurance and or surety do you provide?

Gemidan Ecogi can make a performance guarantee

Describe your business service(s). *For example: consulting, development, engineering, equipment sales, finance, other.*

Technology provider and engineering

Describe your area or region of operation.

Gemidan Ecogi has 5 lines running in Denmark – the first began operation in 2012.

Does your company hold any patents or the rights to any patents? Yes No *If yes, please describe.*

The sealing technology in the pulper is patented

Do you manufacture equipment? Yes No *If yes, please describe.*

Insert how much of your supplies you manufacture

Do you integrate equipment manufactured by others? Yes No

If you integrate, please list the names of the companies you represent.

Ammongas, Biogasclean, Renew Energy, Landia and Nature Energy

How do you answer potential customer's questions about financial strength of your company?

Our mother company is financial strong, so normally it's not an issue.

Do you offer technical/service support? Yes No *If so, what methods?*

Normally we provide technical/service support from Denmark combined with a local partner.

Do you offer design services? Yes No *If yes, please describe.*

The Ecogi is a standard solution, but it will be modified according to the needs and demands from the customer.

Do you offer financing? Yes No *If so, what terms?*

Gemidan Ecogi don't offer financing

Are you a full stop shop? Design to construction to operate? Yes No *If so, please describe.*

Gemidan Ecogi will design the optimal solution and supply it – including approval tests and education of customers staff.

Do you have preferred partners? Yes No *If so, please list and provide contact information/identify partners by name.*

Do you have any third-party verification/research that has been done on this technology? Yes No

If so, please describe.

The Ecogi technology is ETV certified (ETV is European Technology Verification).

Do you provide a performance guarantee? Yes No *If so, what are you guaranteeing?*

For example: up time, methane production, biogas production, parasitic load, throughput, O&M cost, percent recovery, other. Please describe.

Gemidan Ecogi can make a guarantee for all promised parameters – production capacity, organic recovery, up time e.g.

Are there any other aspects of your business that you feel should be included in this document?

The performance of the Ecogi Technology is close to outstanding, particularly, when you are talking about avoiding plastics in the pulp.
