BUSINESS HISTORY

How long have you been in business? Started March 2016

Are you part of a larger company? Yes No

Did you exist as another company before this company was formed? Yes No *If so, what was that company's name?*

Number of employees?

What is your business structure? Privately held company

What types of insurance and or surety do you provide?

We partner with farmers for the long-term and carry business insurance.

Describe your business service(s). For example: consulting, development, engineering, equipment sales, finance, other.

Ag-Grid Energy has a vision to convert agricultural and organic waste into renewable energy, compost and support local area practices that lead us towards a sustainable environment. We intend to finance, build, own (jointly), operate the waste to energy conversion facilities in U.S.

Describe your area or region of operation.

North America

Does your company hold any patents or the rights to any patents? Yes No *If yes, please describe.*

Do you manufacture equipment? Yes No *If yes, please describe.*

Do you integrate equipment manufactured by others? Yes No

If you integrate, please list the names of the companies you represent.

Ag-Grid Energy integrates equipment and services of EPC providers; Renewable energy brokers; Food waste providers and electricity brokers to manage the projects.

How do you answer potential customer's questions about financial strength of your company?

Ag-Grid Energy and its partners have 100+ years of experience and financial backing.

Do you offer technical/service support? Yes No *If so, what methods?*

Ag-Grid Energy strives to maintain long-term relationships with customers by working together in the development of solutions and delivery of high-quality installations.

Do you offer design services? Yes No *If yes, please describe.*

We integrate systems that provide the best value to the farmers.

Do you offer financing? Yes No *If so, what terms?*

Ag-Grid Energy intends to finance the majority of its project to support local area practices that lead us towards a sustainable environment.

Are you a full stop shop? *Design to construction to operate?* Yes No *If so, please describe.*

Ag-Grid Energy intends to finance, build, own (jointly), operate the waste to energy conversion facilities in US.

Do you have preferred partners? Yes No *If so, please list and provide contact information/identify partners by name.*

Ag-Grid Energy has a number of partners including Martin Construction Resource, Ecostrat, Sea Hold, Green Harbor, Hampshire Council and Tech Environmental

Do you have any third-party verification/research that has been done on this technology? Yes No

If so, please describe.

Ag Grid Energy has four active projects. References are available.

Do you provide a performance guarantee? Yes No *If so, what are you guaranteeing?*

For example: up time, methane production, biogas production, parasitic load, throughput, O&M cost, percent recovery, other. Please describe.

Offered on a case by case basis.

Are there any other aspects of your business that you feel should be included in this document?

Ag-Grid is not trying to sell a pre-determined solution. We carefully design the system that fits the farm operations and choose the vendors and suppliers accordingly. We then stay as partners and ensure that the system we integrated would be operational and would allow us to pay for the capital investment.
