BUSINESS HISTORY

How long have you been in business? Founded in 2013

Are you part of a larger company? Yes No

Did you exist as another company before this company was formed? Yes No *If so, what was that company's name?*

ES Engineering Services

Number of employees? 1100 employees nationwide

What is your business structure? corporation

What types of insurance and or surety do you provide?
Comprehensive set of policies; specific details available on request

Describe your business service(s). *For example: consulting, development, engineering, equipment sales, finance, other.*

National environmental services provider offering air quality and environmental laboratory services as well as environmental engineering and design services.

Describe your area or region of operation.
Headquartered in Irvine, California with over 50 offices across the United States. We are capable of providing our services in all regions of the country.

Does your company hold any patents or the rights to any patents? Yes No *If yes, please describe.*

NA

Do you manufacture equipment? Yes No *If yes, please describe.*

NA

Do you integrate equipment manufactured by others? Yes No

If you integrate, please list the names of the companies you represent.

As an environmental services firm that does not manufacture equipment or provide technology, we constantly partner with third-party firms for different scopes of work on our projects. We do not have exclusive arrangements with any firms.

How do you answer potential customer's questions about financial strength of your company?

We are open and transparent, to the extent required, about our financial standing with our current and prospective clients.

Do you offer technical/service support? Yes No *If so, what methods?*

Through our operations and maintenance work, we offer on-site technical and services support.

Do you offer design services? Yes No *If yes, please describe.*

We offer a full suite of engineering and design services in the areas of anaerobic digestion, landfill gas, water treatment and energy efficiency, environmental engineering, remediation, and environmental compliance.

Do you offer financing? Yes No *If so, what terms?*

Please specify.

Are you a full stop shop? *Design to construction to operate?* Yes No *If so, please describe.*

We are primarily focused on offering design, engineering and operations services.

Do you have preferred partners? Yes No *If so, please list and provide contact information/identify partners by name.*

Through our network of preferred partners, we are able to offer building and construction services with oversight being managed by Montrose

Do you have any third-party verification/research that has been done on this technology? Yes No

If so, please describe.

Do you provide a performance guarantee? Yes No *If so, what are you guaranteeing?*

For example: up time, methane production, biogas production, parasitic load, throughput, O&M cost, percent recovery, other. Please describe.

We rely on equipment and technology providers to provide guarantees on their specific scopes of work. Montrose does provide workmanship guarantees for the areas of a project that are designed and built by our firm. Together, we work with third-party providers to ensure that the entire project is guaranteed from a performance perspective.

Are there any other aspects of your business that you feel should be included in this document?
